

MODERN AND PRACTICAL

Create a sleek, modern look with a fashionable Roller Blind. Roller Blinds are neat and discreet when pulled up, and tasteful when pulled down. Double Roller Blinds are also available, offering ultimate versatility by pairing a blockout fabric with a light-filtering or sunscreen fabric. Each can be adjusted independently, giving you ultimate control over light and privacy.

TECHNICAL INFORMATION

Control

Roller Blind operation is by chain control, and if you have large windows where multiple blinds are needed, we can link them together to enable operation by a single control.

Fabric

Roller Blinds can be made in blackout, light-filtering or sunscreen fabric. Or choose a Double Roller Blind and pair two types of fabric, for the best of both worlds! Ask your Sales Consultant or pop in to a showroom to view the fabric range.

Double Roller Blinds

With a Double Roller Blind, a blackout fabric is positioned on one roller in front of a sunscreen or light-filtering fabric on a second roller. These rollers move independent of each other, allowing ultimate versatility over light and privacy. This also makes Double Roller Blinds especially suited to bedrooms.

BENEFITS

Close-up double roller blinds

Range of Fabrics

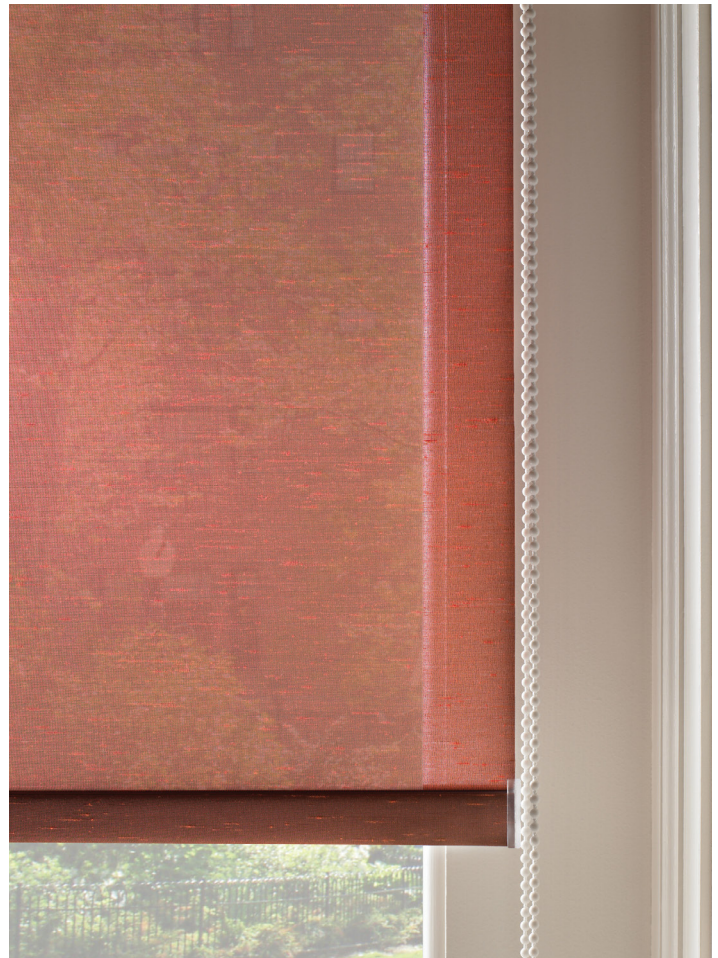

Roller Blinds can be made with an extensive range of fabrics, meaning there is an option to suit any decor.

Child Safe

Like all Wynstan products, Roller Blinds come fitted with child safety devices.

Satisfaction Guaranteed

Roller Blinds come with a Wynstan 3 Year Warranty.
