

CRIMSAFE BI-FOLD DOORS

PROTECT YOUR HOME

Keep your home secure with Crimsafe, the strongest stainless steel security screen system on the market.

Crimsafe Bi-fold Doors feature Crimsafe's patented Security Screw Clamp System and cannot be cut, kicked down or pried open. It can be folded back to completely open up a living area.

TECHNICAL INFORMATION

Tensile-Tuff® Security Mesh

Crimsafe Bi-fold Security Doors feature Crimsafe Tensile-Tuff® Security Mesh, which is made of 304 Grade Stainless Steel. This mesh consists of strands that are 0.9mm thick, while most other similar products use strands which are 0.8mm thick. This difference is not visible, but makes Crimsafe mesh 26.5% thicker at a cross section, making it much stronger than other meshes.

Screw Clamp System

Crimsafe Bi-fold feature a patented Security Screw Clamp System. While inferior products simply glue or wedge mesh into a frame, Crimsafe Tensile-Tuff® Security mesh between two serrated pieces of aluminium. This result is a strong, vice-like grip which has a much greater tolerance to force than many competing products.

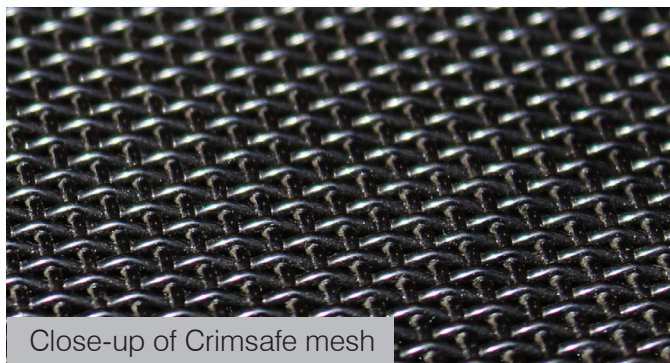

Triple Lock

All Crimsafe Bi-fold Doors are fitted with a triple locking system.

Colour

Crimsafe Bi-fold Security Doors are available in a variety of different frame colours including Woodgrain and an extensive range of custom colours.

BENEFITS

Close-up of Crimsafe mesh

Superior strength against impact

Seven times higher than impact testing standards.

Energy efficient

Crimsafe reduces solar heat gain by up to 53%. The Tensile-Tuff® security mesh also blocks 62% of harmful UV rays.

Streamlined

Crimsafe Bi-fold Security Doors offer a sleek design and contemporary style. Can fold to the inside or outside. And single panel can be opened for exit.

Airflow

Crimsafe Bi-fold Security Doors provide excellent security, are able to stop flies, and still allow air to flow into your home.

Satisfaction Guaranteed

Crimsafe Bi-Fold Security Doors come with a 10 Year standard Warranty, and an extended 10 Year limited warranty.
