

BLOCKOUT ROLLER BLIND SYSTEM

50mm channels used for room darkening

ULTIMATE LIGHT CONTROL

Blockout Roller Blinds offer all the practicality and style of a traditional Roller Blind, but with the added ability to block out all light. This makes the Blockout Roller Blind perfect for spaces where full or partial darkness is required, such as media and AV rooms.

TECHNICAL INFORMATION

Channel And Cassette

Blockout Roller Blinds feature 50mm wide side channels which help secure the fabric and block out all light. Blockout Roller Blinds also feature a cassette headbox, which can be colour coordinated to match the channels.

Light and Privacy

When fully rolled down, Blockout Roller Blinds prevent almost any light entering the room. Furthermore, they also ensure total privacy, making them perfect for meeting rooms.

Control

Blockout Roller Blinds are operated by chain control, or they can be motorised with a Wymotion motor or Smart Home System.

BENEFITS

Light Control

Prevent almost any light from entering the room.

Privacy

Achieve total privacy – ideal for board rooms or meeting rooms.

Child-Safe

Like all Wynstan products, Blockout Roller Blinds come fitted with child-safety devices.

Satisfaction Guaranteed

Quality installation is assured with our specialist team, and peace of mind with a Wynstan 3 year warranty*.

*For more information about our Wynstan 3 year warranty, please see our Warranty & Care Guide manual.
