

CRIMS SAFE BI-FOLD DOORS

PROTECT YOUR HOME

Keep your home secure with Crimsafe, the strongest stainless steel security screen system on the market.

Crimsafe Bi-fold Doors feature Crimsafe's patented Security Screw Clamp System and cannot be cut, kicked down or pried open. It can be folded back to completely open up a living area.

TECHNICAL INFORMATION

Tensile-Tuff® Security Mesh

Crimsafe Bi-fold Security Doors feature Crimsafe Tensile-Tuff® Security Mesh, which is made of 304 Grade Stainless Steel. This mesh consists of strands that are 0.9mm thick, making it 7 times stronger than Australian Standard.

Triple Lock

All Crimsafe Bi-fold Doors come fitted with a triple lock, which is crafted from 304 stainless steel for superior strength.

Colour

Crimsafe Bi-fold Security Doors are available in a variety of different frame colours and an extensive range of custom colours.

Clamp System

Crimsafe Bi-fold feature a patented Security Screw Clamp System. While inferior products simply glue or wedge mesh into a frame, Crimsafe Tensile-Tuff® Security mesh between two serrated pieces of aluminium, then screws this mesh into place. This results in a strong, vice-like grip which has a much stronger tolerance to force than many competing products.

BENEFITS

Superior strength against impact

Crimsafe are the world leaders in home security.

Energy efficient

Crimsafe reduces solar heat gain by up to 53%. The Tensile-Tuff® security mesh also blocks 62% of harmful UV rays.

Airflow

Crimsafe Bi-fold Security Doors provide excellent security, are able to stop flies, and still allow air to flow into your home.

Streamlined

Crimsafe Bi-fold Security Doors offer a sleek design and contemporary style. Can fold to the inside or outside. And single panel can be opened for exit.

Satisfaction Guaranteed

Crimsafe Bi-Fold Security Doors come with a 10 Year standard Warranty.
