

SAFETY DOORS

HOME SAFETY SOLUTION

Safety Doors improve the safety level of your home, while also keeping those pesky insects outside where they belong. Safety Doors are available in hinged or sliding options making them suitable for almost any doorway. We offer multiple types of mesh meaning that your home will not only be safe, but stylish too!

TECHNICAL INFORMATION

Styles

Safety Doors come in many different styles, the most typical style is the Diamond Grille. For added character, choose from our Aluminium Castings, which are available in a range of different patterns, designs and colours. A selection of these designs are shown below.

Mesh

You can choose from a range of different meshes:

- Stainless steel 0.6mm: 0.6mm stainless steel that meets BAL-40 of the Australian Bushfire Standard.* Aperture is approx. 1.5mm
- Fire Mesh: (Stainless Steel Mesh) has an aperture of less than 2mm non – corrosive 316 grade mesh with 18 x 16 strands / inch.
- DVA: available in a wide range of powder coated colours. Creating a sense of privacy when it's lighter outside than it is inside.
- Paw proof mesh: a heavy duty fibreglass mesh capable of withstanding abrasions from most pets.
- Fibreglass: standard mesh
