

RETRACTABLE FLYSCREENS

Roll away retractable flyscreen with pleated mesh

Roll up retractable flyscreen

Roll up retractable flyscreen

RETRACTABLE AND UNOBTRUSIVE

Retractable Flyscreens offer all the features of a regular flyscreen, with the added benefit of being able to retract. Wynstan offers Retractable Flyscreen solutions for all types of windows and doors including sliding, double hung, louvre, casement, awning windows, and bi-fold.

TECHNICAL INFORMATION

Style

There are two styles of Retractable Flyscreens:

- Roll-away Retractable flyscreen (retract to the side)
- Roll-up Retractable flyscreen (retract to the top)

Stopping Points

Roll up and Roll Away Retractable Flyscreens can have stopping points to allow the screen to be secured at various points along the track. Pleated Retractable Flyscreens allow the screen to stop at any point.

Reduced Trip Hazard

Pleated Retractable Flyscreen have a 8mm bottom rail reducing the chance of tripping.

Mesh Types

Retractable Flyscreens are available with three different types of mesh:

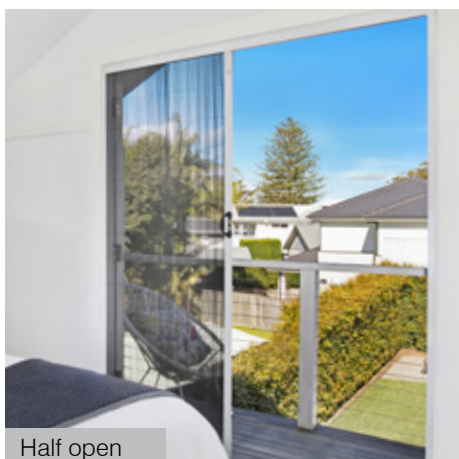

- Plain mesh
- Striped mesh
- Pleated mesh (only available for Roll-away)

Size

	max size (w * h) in mm	Bottom rail height in mm
Roll-away plain mesh single	2400*2400	30
Roll-away pleated mesh single	3500*2750	8 or 25
Roll-up single	1800*2200	-

BENEFITS

Close up

Slimline Tracking System

Our smart tracking system means your flyscreen retracts neatly into the side of your door or window. This design makes it virtually invisible when closed and a perfect solution for most window and door types including sliding, bi-fold, casement, gas strut and stacking styles.

Allows Airflow

Retractable Flyscreens keep bugs out, yet allows fresh air to pass through.

Satisfaction Guaranteed

Quality installation is assured with our specialist team, and peace of mind with a Wynstan 3 year warranty*.

*For more information about our Wynstan 3 year warranty, please see our Warranty & Care Guide manual.
