

HOME SAFETY SOLUTION

Safety Doors improve the safety level of your home, while also keeping those pesky insects outside where they belong. Safety Doors are available in hinged or sliding options making them suitable for almost any doorway. We offer multiple types of mesh meaning that your home will not only be safe, but stylish too!

TECHNICAL INFORMATION

Styles

We offer three types of safety doors: the BEV Door with a standard diamond grille design, the M11 Door which allows the addition of a midrail, and the Casting Door featuring unique aluminium cast designs for a more decorative appearance. Below are some of the designs.

Size Limitations

For single door.

	Min Width	Min Height	Max Width	Max Height
BEV	400mm	1600mm	1360mm	2550mm
M11	400mm	1600mm	1360mm	2805mm
Casting	760mm	1960mm	965mm	2400mm
Casting sliding	885mm	1960mm	1320mm	2400mm

Mesh

You can choose from a range of different meshes:

- Stainless steel 304 grade, woven stainless steel mesh that meets BAL-40 of the Australian Bushfire Standard.*
- Fire Mesh: using non-corrosive 316 grade mesh, this fire mesh has an aperture of less than 2mm and great for bushfire prone areas.
- DVA: available in a wide range of powder coated colours. Creating a sense of privacy when it's lighter outside than it is inside.
- Paw proof mesh: a heavy duty fibreglass mesh capable of withstanding abrasions from most pets.
- Fibreglass: a standard mesh similar to that of a flyscreen door.
