

## POLYSILK SHUTTERS

### MADE IN AUSTRALIA

---

Wynstan PolySilk Plantation Shutters are the contemporary alternative to traditional wooden shutters and are virtually maintenance free bringing a touch of understated elegance to any interior. Wynstan PolySilk Plantation Shutters are made from a polyresin compound and finished with a ground-breaking technology to create a soft, matte lustre finish. These made to measure plantation shutters resist even the harshest Australian UV rays.

# TECHNICAL INFORMATION

---

## ClearView

With ClearView you have an unobstructed view by having the tilt bar located on the window side of the louvre. Louvres can be rotated 180 degrees to open or fully close in both directions.

## Fire Retardant

PolySilk Shutters are inherent flame-retardant qualities built right into the material. Without adding any coating or coverings, PolySilk Shutters resists ignition and flame spread burns at a higher temperature than many other materials, and commonly will not burn once the flame source is removed. These characteristics make PolySilk Shutters a safe option for both commercial and residential applications.

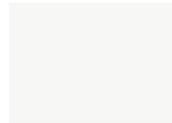

## Style Options

Polysilk Plantation Shutters can be made in a variety

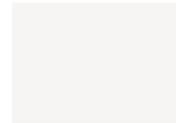

of styles such as Bi-Fold, Sliding, Fixed or Hinged. Plantation Shutters can also be made to fit arched, triangular or angled windows. Plantation Shutters can also be made with independently operated top and bottom halves.

## Colour

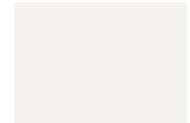

Polysilk Plantation Shutters are available in 3 colours; White, Vanilla and Pearl

White

Pearl

Vanilla

## Blade Size

Three different blade sizes are available. Choose between 63mm, 89mm or 114mm wide blades.

\*114mm not available in Vanilla

# BENEFITS

---

## Shorter Lead Time

PolySilk Shutters will be ready to install just 4 weeks from check measure.

## Australian Made

Wynstan love making product local.

## Water Resistance

Ideally suited for use above kitchen sinks, bathrooms or other high humidity areas. Wynstan PolySilk has no unsightly staples which may rust, and will not blistering, peeling, flaking, corroding and fade due to water exposure.

## Additional Insulator

An R-value of 3.40 helps to reduce heating and air conditioning costs and outside noise.

## Child-Safe

The lack of cords or cables adds an extra level of child-safety.

## Satisfaction Guaranteed

Quality installation is assured with our specialist Shutter team, and peace of mind with a Wynstan 20 Year Warranty.
