TIMELESS & SOPHISTICATED PLANTATION SHUTTERS

Experience total light and privacy control with ease. Our classic Plantation Shutters combine timeless elegance with modern, durable materials.

Designed for both indoor and outdoor spaces, they're perfect to enhance your home's curbside appeal. With an extensive range of styles, they offer an exceptional blend of function and sophistication.

By gently adjusting the blade angle, you can create privacy while still letting in natural light.

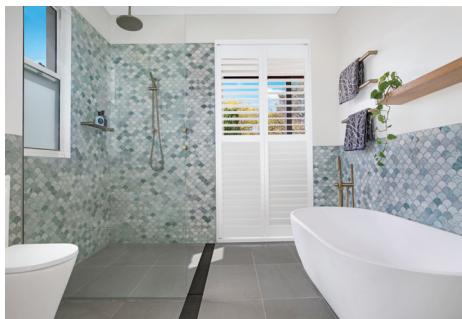

LIGHT, PRIVACY & STYLE FOR EVERY SPACE

Plantation Shutters combine timeless design with practical performance. Adjustable, durable, and beautifully crafted, they let you control light, airflow, and privacy while adding lasting elegance to any area of your home.

WHY YOU NEED PLANTATION SHUTTERS?

LIGHT CONTROL

Providing ultimate light control, each panel can be independently adjusted to temper the light and control privacy.

TIMELESS STYLE

A classic, architectural look that enhances any interior style - from coastal to contemporary - and never dates.

CUSTOM SHAPES & COLOURS

Tailored to fit any window shape, our shutters can be made into arcs, circles & in any custom colour you desire.

TEMPERATURE BARRIER

Providing excellent insulation, helping to regulate indoor temperatures, reduce energy costs and keep your home comfortable year round.

EASY TO CLEAN

Plantation Shutters are virtually maintenance-free, being an excellent choice for dusty allergy sufferers and wet areas such as kitchens and bathrooms.

CURB APPEAL

Enhancing your home's exterior, their sleek design adds a polished, sophisticated touch, boosting street appeal.

A DESIGN FOR EVERY SPACE

Choose the right shade solution for your space.

HINGED SHUTTERS

Classic and functional, hinged shutters open like doors for effortless use. They suit most window types and add a timeless, elegant finish to any room.

BI-FOLD SHUTTERS

Perfect for wide openings, bi-fold shutters fold neatly to the side to maximise space and light. They're ideal for connecting indoor and outdoor areas with style and ease.

SLIDING SHUTTERS

Smooth and modern, sliding shutters glide effortlessly along a track for a sleek, contemporary look. They're great for large windows or doors where space is limited.

FIXED SHUTTERS

Fixed Shutters are designed for spaces where the panel stays in place, but the blades still tilt to control light, airflow and privacy. A streamlined, architectural look perfect for high or hard-to-reach windows.

INSIDE

NATURAL WOOD

IDEAL FOR WARM, STYLISH INTERIORS

Perfect for living rooms, bedrooms, and feature spaces, timber shutters add warmth and natural character. Their classic look suits contemporary interiors where you want a premium finish.

FAUXWOOD

MADE FOR MOISTURE-PRONE AREAS

Ideal for kitchens, bathrooms, and laundry rooms, fauxwood shutters handle humidity and everyday wear with ease. They deliver the look of timber with added moisture resistance.

OUTSIDE

ALUMINIUM

STRONG AND WEATHER-READY

Built for outdoor areas and patios aluminium shutters offer strength, durability, and privacy control. They're a great choice when you need weather-ready performance with a modern style.
